Chictopia Sells the Shirts Straight Off Their Users' Backs

By: Tina Malred

It's one of those, "let's put the eraser on the pencil," moments. As [Teen Vogue](#) reports, when a browser of style site (and dear friend) [Chictopia](#) sees a look they like on one of the many sharp ladies who submit photos of themselves to the community, she can now click on over to the newly launched [Chic-Shop](#) to see if items from the fab look are for sale. A mix of a personal-style blog and an eBay store, Chic Shop allows you to gobble up goods direct from the closets of its best dressers or shop by your body type. So, next time you're scratching your head wondering where the slammin' boots from your favorite chictopian came from, just click on over to the Shop or her profile. They might be just a few credit card numbers away.
